

Mt Saint Helen's Rescue

We are looking for donation's to suppliment the Mt Saint Helens Elk herd. This winter has been extremly hard on the wildlife because of lack of habitat and excessive snow fall. The Washington Department of Fish and Wildlife only feeds the elk on their 1700 acres on HWY 504 in the toutle river valley. Our organization has taken a proactive approach to supplement the herds around the mountian. We are all outdoor enthusiast's, conservationists, and sportsman that benifit from health and well being of this natural resource.

Please consider a donation which will purchase Alfalfa to help the survival of these animals for today and in the future around the Mt Saint Helen's area.

Donations can be made directly to:

Pioneer Feed and Supply of or

Ridgefield, Washington
