Section 1.02(d)

Unresolved issues or disputes arising out of the failure to negotiate a renewal or modification of this agreement that remain on the 20th of the month preceding the next regular meeting of the Council on Industrial Relations for the Electrical Contracting Industry (CIR) may be submitted jointly or unilaterally to the Council for adjudication. Where the union deems it necessary to protect the jurisdiction of the International Brotherhood of Electrical Workers, the unions will, prior to the bidding process or letting of a contract for a particular project, consider a modification of the wages and/or conditions as outlined in the current collective bargaining agreement. Should the union consent to a modification of the labor agreement for a particular project, the modification shall apply only to the project in question until its completion. With the exception of the agreed upon modification in wages, this agreement shall remain in full force and effect.

If it is necessary for the worker to travel or be transported to a suitable eating establishment in order to get such meal, the time spent traveling shall be considered as time worked. Time spent while eating shall not be paid for.

In the interest of maintaining an efficient system of production in the Industry, providing for an orderly procedure of referral of applicants for employment, preserving the legitimate interests of employees in their employment status within the area and of eliminating discrimination in employment because of membership or non-membership in the Union, the parties hereto agree to the following system of referral of applicants for employment.

Section 4.02

The Union shall be the sole and exclusive source of referral of applicants for employment.

Section 4.03

The Employer shall have the right to reject any applicant for employment.

Section 4.04

The Union shall select and refer applicants for employment without discrimination against such applicants by reason of membership or non-membership in the Union and such selection and referral shall not be affected in any way by rules, regulations, bylaws, constitutional provisions or any other aspect or obligation of Union membership policies or requirements. All such selection and referral shall be in accord with the following procedure.

Section 4.05

The Union shall maintain a register of applicants for employment established on the basis of the Groups listed below. Each applicant for employment shall be registered in the highest priority Group for which they qualify.

If an applicant qualifies for Group I status in a local union other than their or her home local union and designates that local as their or her Group I local union, the business manager of the new Group I status local union shall by electronic means notify the business manager of the applicant's former Group I status local union.

Group III All applicants for employment who have two or more years' experience in the trade, are residents of the geographical area constituting the normal construction labor market, and who have been employed for at least six months in the last three years in the geographical area covered by the collective bargaining agreement.

Group IV All applicants for employment who have worked in the trade for more than one year.

Section 4.06

If the registration list is exhausted and the Local Union is unable to refer applicants for employment to the Employer within 48 hours from the time of receiving the Employer's request, Saturdays, Sundays and holidays excepted, the Employer shall be free to secure applicants without using the Referral Procedure but such applicants, if hired, shall have the status of "temporary employees".

Section 4.07

The Employer shall notify the Business Manager promptly of the names and Social Security numbers of such "temporary employees" and shall replace such "temporary employees" as soon as registered applicants for employment are available under the Referral Procedure.

Section 4.08

"Normal construction labor market" is defined to mean the following geographical area plus the commuting distance adjacent thereto which includes the area from which the normal labor supply is secured:

Clackamas, Clatsop, Columbia, Hood River, Multnomah, Tillamook, Wasco, Washington and Sherman Counties, and Yamhill County north of section line T4S, State of Oregon; and Clark, Cowlitz, Klickitat Skamania and Wahkiakum, Counties, State of Washington.

The above geographical area is agreed upon by the parties to include the area defined by the Secretary of Labor to be the appropriate prevailing wage area under the Davis-Bacon Act to which the Agreement applies.

Section 4.09

"Resident" means a person who has maintained their permanent home in the above defined geographical area for a period of not less than one year or who, having had a permanent home in this area, has temporarily left with the intention of returning to this area as their permanent home.

Section 4.10

An "Examination" shall include experience rating tests if such examination shall have been given prior to the date of this procedure, but from and after the date of this procedure, shall include only written and/or practical examinations given by a duly constituted Inside Construction Local Union of the I.B.E.W. Reasonable intervals of time for examinations are specified as ninety (90) days. An applicant shall be eligible for examination if they have four years' experience in the trade.

Section 4.11

The Union shall maintain an "Out of Work List" which shall list the applicants within each Group in chronological order of the dates they register their availability for employment.

Re-Registration

Section 4.12

An applicant who has registered on the Book I "Out of Work List" must renew their application annually or their name will be removed from the List. An applicant who has registered on any other Book other than Book I "Out of Work List" must renew their application quarterly or their name will be removed from the List.

Section 4.13

An applicant who is hired and who receives, through no fault of their own, work of forty hours or less shall, upon re-registration, be restored to their appropriate place within their Group.

Section 4.14(a)

Employers shall advise the Business Manager of the Local Union of the number of applicants needed. The Business Manager shall refer applicants to the Employer by first referring applicants in Group I in the order of their place on the "Out of Work List" and then referring applicants in the same manner successively from the "Out of Work List" in Group II, then Group III, and then Group IV. Any applicant who is rejected by the Employer shall be returned to their appropriate place within their Group and shall be referred to other employment in accordance with the position of their Group and their place within their Group.

Repeated Discharge

Section 4.14(b)

An applicant who is discharged for cause two times within a 12-month period shall be referred to the neutral member of the Appeals Committee for a determination as to the applicant's continued eligibility for referral. The neutral member of the Appeals Committee shall, within three* business days, review the qualifications of the applicant and the reasons for the discharges. The neutral member of the Appeals Committee may, in their sole discretion: (1) require the applicant to obtain further training from the JATC before again being eligible for referral; (2) disqualify the applicant for referral for a period of four weeks, or longer, depending on the seriousness of the conduct and/or repetitive nature of the conduct; (3) refer the applicant to an employee assistance program, if available, for evaluation and recommended action; or (4) restore the applicant to their appropriate place on the referral list.

Section 4.15

The only exceptions which shall be allowed in this order of referral are as follows:

- (a) When the Employer states bona fide requirements for special skills and abilities in their request for applicants, the Business Manager shall refer the first applicant on the register possessing such skills and abilities.
- (b) The age ratio clause in the Agreement calls for the employment of an additional employee or employees on the basis of age. Therefore, the Business Manager shall refer the first applicant on the register satisfying the applicable age requirements provided, however, that all names in higher priority Groups, if any, shall first be exhausted before such overage reference can be made.

Section 4.16

An Appeals Committee is hereby established composed of one member appointed by the Union, one member appointed by the Employer or the Association, as the case may be, and a Public Member appointed by both these members.

Section 4.17

It shall be the function of the Appeals Committee to consider any complaint of any employee or applicant for employment arising out of the administration by the Local Union of Sections 4.04 through 4.15 of the Agreement. The Appeals Committee shall have the power to make a final and binding decision on any such complaint which shall be complied with by the Local Union. The Appeals Committee is authorized to issue procedural rules for the conduct of its business, but it is not authorized to add to, subtract from, or modify any of the provisions of this Agreement and its decisions shall be in accord with this Agreement.

Section 4.18

A representative of the Employer or of the Association, as the case may be, designated to the Union in writing, shall be permitted to inspect the Referral Procedure records at any time during normal business hours.

Section 4.19

A copy of the Referral Procedure set forth in this Agreement shall be posted on the Bulletin Board in the offices of the Local Union and in the offices of the Employers who are parties to this Agreement.

Section 4.20

Apprentices shall be hired and transferred in accordance with the Apprenticeship provisions of the Agreement between the parties.

Article V Apprenticeship and Training

Section 5.01

There shall be a local Joint Apprenticeship and Training Committee (JATC) consisting of a total of either 6 or 8 members who shall also serve as Trustees to the local apprenticeship and training trust. An equal number of members (either 3 or 4) shall be appointed, in writing, by the local chapter of the National Electrical Contractors Association (NECA) and the local union of the International Brotherhood of Electrical Workers (IBEW).

The local apprenticeship standards shall be in conformance with national guideline standards and industry policies to ensure that each apprentice has satisfactorily completed the NJATC required hours and course of study. All apprenticeship standards shall be registered with the NJATC before being submitted to the appropriate registration agency.

The JATC shall be responsible for the training of apprentices, journeymen, installers, technicians,

and all others (unindentured, intermediate journeymen, etc.)

Section 5.02

All JATC member appointments, re-appointments and acceptance of appointments shall be in writing. Each member shall be appointed for a three-year term, unless being appointed for a lesser period of time to complete an unexpired term. The terms shall be staggered, with one (1) term from each side expiring each year. JATC members shall complete their appointed term unless removed for cause by the party they represent, or they voluntarily resign. All vacancies shall be filled immediately.

The JATC shall select from its membership, but not both from the same party, a Chairman and a Secretary who shall retain voting privileges. The JATC will maintain one (1) set of minutes for JATC committee meetings and a separate set of minutes for Trust meetings.

The JATC should meet on a monthly basis, and also upon the call of the Chairman.

Section 5.03

Any issue concerning an apprentice, or an apprenticeship matter shall be referred to the JATC for its review, evaluation, and resolve; as per standards and policies. If the JATC deadlocks on any issue, the matter shall be referred to the Labor-Management Committee for resolution as outlined in Article I of this agreement; except for trust fund matters, which shall be resolved as stipulated in the local trust instrument.

Section 5.04

There shall be only one (1) JATC and one (1) local apprenticeship and training trust. The JATC may, however, establish joint subcommittees to meet specific needs, such as residential or telecommunication apprenticeship. The JATC may also establish a subcommittee to oversee an apprenticeship program within a specified area of the jurisdiction covered by this agreement.

All subcommittee members shall be appointed, in writing, by the party they represent. A subcommittee member may or may not be a member of the JATC.

Section 5.05

The JATC may select and employ a part-time or a full-time Training Director and other support staff, as it deems necessary. In considering the qualification, duties, and responsibilities of the Training Director, the JATC should review the Training Director's Job Description provided by the NJATC. All employees of the JATC shall serve at the pleasure and discretion of the JATC.

Section 5.06

To help ensure diversity of training, provide reasonable continuous employment opportunities, and comply with apprenticeship rules and regulations, the JATC, as the program sponsor, shall have full authority for issuing all job training assignments and for transferring apprentices from one employer to another. The employer shall cooperate in providing apprentices with needed work experiences. The local union referral office shall be notified, in writing, of all job training assignments. If the employer is unable to provide reasonable continuous employment for apprentices, the JATC is to be so notified.

Section 5.07

All apprentices shall enter the program through the JATC as provided for in the registered apprenticeship standards and selection procedures.

An apprentice may have their indenture canceled by the JATC at any time prior to completion as stipulated in the registered standards. Time worked and accumulated in apprenticeship shall not be considered for local union referral purposes until the apprentice has satisfied all conditions of apprenticeship. Individuals terminated from apprenticeship shall not be assigned to any job in any classification, or participate in any related training, unless they are reinstated in apprenticeship as per the standards, or they qualify through means other than apprenticeship, at some time in the future, but no sooner than two years after their class has completed apprenticeship, and they have gained related knowledge and job skills to warrant such classification.

Section 5.08

The JATC shall select and indenture a sufficient number of apprentices to meet local manpower needs. The JATC is authorized to indenture the number of apprentices necessary to meet the job site ratio as per Section 5.12.

Section 5.09

Though the JATC cannot guarantee any number of apprentices; if a qualified employer requests an apprentice, the JATC shall make every effort to honor the request. If unable to fill the request within ten (10) working days, the JATC shall select and indenture the next available person from the active list of qualified applicants. An active list of qualified applicants shall be maintained by the JATC as per the selection procedures.

Section 5.10

To accommodate short-term needs when apprentices are unavailable, the JATC shall assign unindentured workers who meet the basic qualification for apprenticeship. Unindentured workers shall not remain employed if apprentices become available for OJT assignment. Unindentured workers shall be used to meet job site ratios except on wage and hour (prevailing wage) job sites.

Before being employed, the unindentured person must sign a letter of understanding with the JATC and the employer - agreeing that they are not to accumulate more than two thousand (2,000) hours as an unindentured, that they are subject to replacement by indentured apprentices and that they are not to work on wage and hour (prevailing wage) job sites.

Should an unindentured worker be selected for apprenticeship, the JATC will determine, as provided for in the apprenticeship standards, if some credit for hours worked as an unindentured will be applied toward the minimum OJT hours of apprenticeship.

The JATC may elect to offer voluntary related training to unindentured; such as Math Review, English, Safety, Orientation/Awareness, Introduction to OSHA, First-Aid and CPR. Participation shall be voluntary.

Section 5.11

The employer shall contribute to the local health and welfare plans and to the National Electrical Benefit Fund (NEBF) on behalf of all apprentices and unindentured. Contributions to other benefit plans may be addressed in other sections of this agreement.

Section 5.12

Each job site shall be allowed a ratio of (2) apprentice(s) for every (3) Journeymen.

Number of Journeymen	Maximum Number of Apprentices/Un-indentured
1 to 3	2
4 to 6	4
7 to 9	6
“ “ “ “	“ “ “ “
97 to 99	66
Etc.	Etc.

The first person assigned to any job site shall be a Journeyman.

A job site is considered to be the physical location where employees report for their work assignments. The employer's shop (service center) is considered to be a separate, single job site. All other physical locations where workers report for work are each considered to be a single, separate job site.

Section 5.13

Apprentices who have satisfactorily completed the first four years of related classroom training using the NJATC curriculum and accumulated a minimum of 6,500 hours of OJT with satisfactory performance, shall be permitted to work alone on any job site and receive work assignments in the same manner as a Journeyman.

An apprentice is to be under the supervision of a Journeyman at all times. This does not imply that the apprentice must always be in sight of a Journeyman . Journeymen are not required to constantly watch the apprentice. Supervision will not be of a nature that prevents the development of responsibility and initiative. Work may be laid out by the employer's designated supervisor or journeyman based on their evaluation of the apprentice's skills and ability to perform the job tasks. Apprentices shall be permitted to perform job tasks in order to develop job skills and trade competencies. Journeymen are permitted to leave the immediate work area without being accompanied by the apprentice.

Apprentices who are in their final year of related classroom training using ETA curriculum and accumulated a minimum of 6,500 hours of OJT with satisfactory performance, shall be permitted

to work alone on any project not exceeding 8 hours in duration and receive work assignments in accordance with state law. These apprentices are still to be counted as apprentices for ration purposes when working on projects where Journeymen Wiremen are present.

An apprentice shall not be the first person assigned to a job site and apprentices shall not supervise the work of others.

Section 5.14

Upon satisfactory completion of apprenticeship, the JATC shall issue all graduating apprentices an appropriate diploma from the NJATC. The JATC shall encourage each graduating apprentice to apply for college credit through the NJATC. The JATC may also require each apprentice to acquire any electrical license required for journeymen to work in the jurisdiction covered by this Agreement.

Section 5.15

The parties to this Agreement shall be bound by the Local Joint Apprenticeship Training Trust Fund Agreement which shall conform to Section 302 of the Labor-Management Relations Act of 1947 as amended, ERISA, and other applicable regulations.

The Trustees authorized under this Trust Agreement are hereby empowered to determine the reasonable value of any facilities, materials, or services furnished by either party. All funds shall be handled and disbursed in accordance with the Trust Agreement.

Section 5.16

All Employers subject to the terms of this Agreement shall contribute the amount of funds specified by the parties signatory to the local apprenticeship and training trust agreement. The current rate of contribution is **eighty (\$.80) cents** for each hour worked by Journeyman, Foreman and General Foreman and **one dollar and twenty cents (\$1.20)** per hour for all apprentices covered by the terms of this agreement. This sum shall be due to the Trust Fund by the same date as is their payment to the NEBF under the terms of the Restated Employees Benefit Agreement and Trust.

Effective July 1, 2013, the contribution rate will increase \$.10 per hour for all rates to establish a fund to retire the Training Center mortgage. Once retired, the rate shall continue to pay for the addition to the Training Center. Article VI Fringe Benefits

NEBF

Section 6.01

It is agreed that in accord with the Employees Benefit Agreement of the National Electrical Benefit Fund ("NEBF"), as entered into between the National Electrical Contractors Association and the International Brotherhood of Electrical Workers on September 3, 1946, as amended, and now delineated as the Restated Employees Benefit Agreement and Trust, that unless authorized otherwise by the NEBF the individual Employer will forward monthly to the NEBF's designated local collection agent an amount equal to 3% of the gross monthly labor payroll paid to, or accrued by, the employees in this bargaining unit, and a completed payroll report prescribed by the NEBF. The payment shall be made by check or draft and shall constitute a debt due and owing to the NEBF on the last day of each calendar month, which may be recovered by suit initiated by the NEBF or its assignee. The payment and the payroll report shall be mailed to reach the office of the appropriate local collection agent not later than fifteen (15) calendar days following the end of each calendar month.

The individual Employer hereby accepts, and agrees to be bound by, the Restated Employees Benefit Agreement and Trust.

An individual Employer who fails to remit as provided above shall be additionally subject to having their agreement terminated upon seventy-two (72) hours' notice in writing being served by the Union, provided the individual Employer fails to show satisfactory proof that the required payments have been paid to the appropriate local collection agent.

The failure of an individual Employer to comply with the applicable provisions of the Restated Employees Benefit Agreement and Trust shall also constitute a breach of this Agreement.

Health and Welfare

Section 6.02(a)

Harrison H&W. It is mutually agreed between the parties hereto, and in accordance with the Harrison Electrical Workers Trust Fund Agreement signed by the Oregon-Columbia Chapter, NECA and Local Union No. 48, IBEW, jointly established for this purpose and administered in compliance with Federal and State regulations governing Health and Welfare Funds, each employer shall pay the sum of **ten dollars and twenty five cents per hour (\$10.25)** effective **January 1, 2024**, for each hour worked by all employees who perform work covered by the Collective Bargaining Agreement between the employer and the Union.

Hours worked shall be deemed to include straight time hours worked, actual overtime hours, report time and shift premium hours not worked.

Remittance shall be forwarded to reach the designated collector on or before the fifteenth (15th) day of each month.

It is understood and intended by the parties to this Agreement that the purpose of this clause is to

establish an employer financed Health and Welfare Trust and that the contributions thereto shall not be deemed to be wages to which any employee shall have any right other than the right to have such contributions paid over to the Trust Fund in accordance therewith.

Upon recommendation of the Trustees of the Harrison Electrical Workers' Health and Welfare Trust Fund, the contributions to the Fund may be increased by--the jointly signing of an amendment--a corresponding deduction from the employees' wages after 60 days' notice is given to Management prior to any scheduled wage adjustment. If during the term of the Agreement any federal or State act is enacted and the Trustees of the Harrison Trust determine that the coverage provided by the act can result in the lowering of the Harrison Electrical Workers contribution, the parties to the Agreement will meet and allocate the recommended excess contributions to any existing fringes or to wages as the Union desires.

The above stated contribution rate includes **\$9.00** for health care, **\$.05 per hour for the Electrical Industry Drug Free Workplace Program** and **\$.95** per hour to fund a pre-paid health and welfare program for retirees between the ages of 60 and 65 and \$.25 for the post 65 retirement program.

Section 6.02(b)

The Harrison Health and Welfare contribution shall be increased to **\$1.75 per hour effective January 1, 2024**, to fund a new "Supplemental Flexible Benefit Fund" as described below.

The Harrison "Supplemental Flexible Benefit Fund" will fall under the Harrison Trust which will allow each employee an individual account to provide for additional monies, **\$1.75** per hour, to be contributed on their behalf by the employer to be utilized by the employee for inner trust payments such as coverage for out of pocket or co-payment premiums and for new benefits as determined by the trustees allowable by law for approvable spending accounts in a cafeteria style plan i.e., child care, life insurance, long term care, deductibles, co-pays, etc.

In addition, as the law allows, individuals may withdraw funds from their account (taxed as required) for such provisions as illness, military, medical or family leave, workers compensation, unemployment or other leave deemed appropriate by the trustees and the law.

Section 6.03(f)

It is the intention that individual vacations should, as far as possible, be granted to each employee in accordance with recognized vacation practices. It is recognized that this may not always be practical due to exigencies of particular jobs, sickness or other sufficient reasons, and it shall be necessary in such cases to make vacation arrangements to fit the needs of each particular job or shop.

Section 6.03(g)

Not more than fifteen per cent (15%) of the employees in any shop or on any job shall be granted a vacation unless replacements can be supplied by the Union.

Section 6.03(h)

Credit Union

Section 6.04

Additional deductions may be assigned in writing to be credited to an employee's account in the IBEW & United Workers Federal Credit Union as directed by the employee. Article X Safety

Safety

Section 10.01

There shall be a Joint Safety Committee consisting of three members representing the Employer and three members representing the Union. The duties of this Committee shall be to develop and recommend safe work rules that are equal to or greater than the Standards of Construction as established by the Occupational Safety and Health Act of 1970, or other applicable Federal or State laws. Such rules, and other safety rules provided in this Article, are minimum rules and not intended to imply that the Union objects to the establishment and imposition by the Employers of additional or more stringent safety rules to protect the health and safety of the employees.

Section 10.02

It shall also be the function of this Committee to study these safe work rules and recommend their update to the parties to this Agreement for possible inclusion in this Agreement. This Committee shall meet at least once each quarter and also when called by the Chairman or when called by a majority of the current Committee members.

Section 10.03

Members of the Joint Safety Committee shall be selected by the party they represent. Their term of office shall be three years unless removed by the party they represent. The term of one employer and one Union representative shall expire each year with successors to be determined in the same manner as the original appointments were made. A committee member is eligible to succeed themselves.

Section 10.04

All justifiable energized electrical work shall be planned out following NFPA 70E procedures to analyze electrical hazards and determine when conditions warrant additional personnel to assist with the electrical tasks or to provide first aid/CPR duties.

Section 10.05

When workers are employed on electrical work on or around energized circuits in manholes or

vaults, there shall be one or more Journeyman present at all times to assist him. Workers shall be provided with all approved safety devices.

Section 10.06

Journeyman, while splicing cable, shall not be required to work on wires or cables when the difference in potentials is over 200 Volts between any two conductors or between any conductor or ground, unless assisted by one Journeyman. In no case shall Journeyman, while splicing cable, be required to work on energized cables carrying in excess of 480 Volt circuits.

Section 10.07

No employees shall be compelled to use a powder actuated tool. Only qualified employees shall be permitted to use powder actuated tools.

Section 10.08

The Employer shall furnish hard hats when such are required and shall also furnish proper individual protective gear to workers engaged in burning and welding operations.

Section 10.09

The safe work practices that are in effect on utility company property which are more stringent than those in this Agreement shall apply to work which is performed on that property under the terms of this Agreement.

Section 10.10

It is the Employers' exclusive responsibility to ensure the safety of its employees and their compliance with these safety rules and standards.

Employers shall report all work-related, recordable injuries to the NECA-IBEW Joint Safety Committee within 30 days of occurrence. Work-related fatalities shall be reported to the Local Union within 24 hours.

Section 10.11

Disregard for the employer's safety policy or use of safety equipment shall result in the employee being referred to the NECA/IBEW Joint Safety Committee (10.01) for review and training and may result in employee discipline and/or discharge by the employer.

Article XI Substance Abuse

Substance abuse

Section 11.01

The dangers and costs that alcohol and other chemical abuses can create in the electrical contracting industry in terms of safety and productivity are significant. The parties to this Agreement resolve to combat chemical abuse in any form and agree that, to be effective, programs to eliminate substance abuse and impairment should contain a strong rehabilitation component. The local parties recognize that the implementation of a drug and alcohol policy and

program must be subject to all applicable federal, state, and local laws and regulations. Such policies and programs must also be administered in accordance with accepted scientific principles and must incorporate procedural safeguards to ensure fairness in application and protection of legitimate interests of privacy and confidentiality. To provide a drug-free workforce for the Electrical Construction Industry, each IBEW local union and NECA chapter shall implement an area-wide Substance Abuse Testing Policy. The policy shall include minimum standards as required by the IBEW and NECA. Should any of the required minimum standards fail to comply with federal, state, and/or local laws and regulations, they shall be modified by the local union and chapter to meet the requirements of those laws and regulations.

Section 11.02

The union reserves the right to negotiate regarding the terms of the employer's policy before the policy is implemented by the employer. When drug and alcohol testing is performed, all testing shall be conducted in accordance with the procedures outlined in the aforementioned policy.

Section 11.03

Any employee who reports for work under the influence of alcoholic beverages or drugs, or who drinks alcoholic beverages or uses illegal drugs on the job site, or who report at the job site with alcoholic beverages, drugs, or firearms illegally in their possession, shall be subject to immediate termination.

Article XII Code of Excellence

Section 12.01

The parties to this Agreement recognize that to meet the needs of our customers, both employer and employee must meet the highest levels of performance, professionalism, and productivity. The Code of Excellence has proven to be a vital element in meeting the customers' expectations. Therefore each IBEW local union and NECA chapter shall implement a Code of Excellence Program. The program shall include minimum standards as designed by the IBEW and NECA.

Article XIII Collection

Collection

Section 13.01

Collection. Employer contributions to employee benefit trust funds required under this labor agreement, and more specifically, the International Brotherhood of Electrical Workers Harrison Electrical Workers Trust Fund ("Harrison Trust"), Edison Pension Trust ("Edison Trust"), National Electrical Benefit Fund ("NEBF"), International Brotherhood of Electrical Workers District No. 9 Pension Plan ("District 9 Pension Plan"), NECA-IBEW Electrical Training Trust ("Training Trust"), the Cornell-Hart Pension Trust Fund ("Cornell-Hart"), and the Barnes-Allison Labor-Management Cooperation Trust Committee ("BALMCC"), hereafter collectively referred to as "the trust funds," are due and payable on or before the 15th calendar day of each month covering the hours worked by each employee through the last full payroll period in the prior calendar month. Each employer shall file a monthly report through the EPR live system for each contribution or fringe benefit in

the form established therefore. A report shall be filed, regardless of whether or not the employer employed any covered employees in the period covered by said report, and a report indicating no contributions shall constitute a certification by the employer that there were no contributions owing for the period covered by the report.

Section 13.02

Liquidated Damages Delinquency Charge. Any employer who fails to file a report or pay contributions by the 15th calendar day of the month following the month in which the work was performed shall be considered delinquent and in violation of this Agreement. Legal action may be brought by the appropriate parties to enforce collection and/or reporting without resort to arbitration. Delinquent employers shall be liable for all reasonable attorney fees, court costs and other expenses incurred in the enforcement of any applicable trust agreement or collection from such employer plus liquidated damages and lost earnings charges provided below. Each employer shall make available applicable books and records for the purpose of auditing same to determine the amount of the employer's liability and shall pay the expenses of the audit if any delinquencies are found under the guidelines of any of the applicable trust agreements. An action to collect contributions may be brought in the name of the respective trust fund Trustees, or the Trustees who compose the trust funds joint Audit Committee, or any other assignee or agency designated by said Trustees. Each employer agrees to, and shall be bound by, the terms of the Trust Agreement for each trust fund to which contributions are allowed or required hereunder.

Section 13.03

Any employer which is delinquent in the payment or reporting of contributions shall be liable for liquidated damages and for damages for loss of earnings and related administrative and collection expenses which are difficult to calculate and may be difficult to assess. These liquidated damages are in addition to contributions otherwise due. In addition, interest damages for loss of earnings on contributions which are delinquent past the due date, shall be charged at the rate of ten percent (10%) of the delinquent contributions from the due date, compounded monthly until paid in full. Such interest charges shall apply both pre- and post-judgment, and the bargaining parties specifically waive their right to have post-judgment interest calculated at the federal statutory (or any other) rate. Liquidated damages shall be computed for each trust in an amount up to 20% of the unpaid contributions on the due date.

Section 13.04

The parties agree to abide by the terms and conditions established from time to time by the trustees of the various trust funds providing the fringe benefits, with respect to any collection procedure for delinquent contributions; provided, however, this Agreement or the applicable trust agreement shall control to the extent of any direct conflict with such collection procedures.

Each employer without prior participation and contribution history to the trust funds or which have been delinquent in reporting or paying contributions to the trust funds shall post security, referred to as a "bond," to secure future payment of contributions due the trust funds in the manner and to the extent required by the collection policies and procedures established by the trust funds.

Section 13.05

Delinquent employers shall be liable to any employee affected by such delinquency for all benefits lost by such employee by virtue of such delinquency, plus interest at the statutory rate (pre- and post-judgment, and the bargaining parties specifically waive their right to have post-judgment interest calculated at the federal [or any other] rate), and such delinquent employer shall also be liable for reasonable attorney fees and collection and audit costs incurred for any action brought to recover the amount of said benefits.

Section 13.06

The union may remove employees covered by this Agreement from the employ of a delinquent employer provided advance notice to the delinquent employer of not less than seventy-two (72) hours is given of such proposed action. Such removal of employees and the cessation of work by the employees of any such delinquent employer shall continue until the administrator or collecting agent of the applicable trust funds involved confirm that no amounts remain owing to said fund by said employer.

Section 13.07

There has been considerable time and effort since 1984 on behalf of the parties hereto assessing the need for and amount of liquidated damages that an employer should pay to cover administrative and collection effort that is difficult to estimate and could be substantial.

Section 13.08

The parties recognize and acknowledge: that the regular and prompt payment of individual employer contributions and/or amounts withheld from employees' wages is essential to the maintenance of the various multiemployer employee benefit funds and designated recipients of the withholdings; that delinquencies cause increased administration COSTS because of the additional labor, record keeping, oral and written notification, investigation, consultation and other effort to enter information in the computers, make calculations, send demand letters to and otherwise communicate with the delinquent employer, make reports to the delinquency committee members responsible for collecting all delinquent amounts, and fully inform counsel, the auditor or other third parties of the information needed to collect all delinquencies; that each failure to pay must be investigated and referred to one or more appropriate service providers for field investigation or audit or legal action; and that collection efforts must be undertaken even if the employer thereafter promptly pays the delinquent contributions or withholdings.

Section 13.09

The employer's failure to make timely payment each month of the contribution and withholding amounts required by employer's agreement can result in: damage to the labor management harmony, the amount of which is difficult to estimate; employee loss of health and certain pension coverage, with damage that could be substantial and would be difficult or impossible to estimate; and reduced benefit amounts to all employees of all participating employers if late or delinquent payments become significant.

Section 13.10

The foregoing are not exhaustive, but demonstrate some of the costs, difficulties and damages created by late payment or nonpayment. As the length of the delinquency increases, the time and effort by the administrative staff and retained service providers increases, thereby increasing the damage to the recipients. Unlike the lost earnings charge, which increases at a specified rate per day, the exact cost for the additional damages caused by late payment or nonpayment is extremely difficult to determine.

Section 13.11

Accordingly, in light of the anticipated harm caused by late payment or nonpayment of contributions and withholdings, the difficulties of proof of loss, and the inconvenience or non-feasibility of otherwise obtaining an adequate remedy, the parties agree, that a delinquent employer shall be liable for all liquidated damages delinquency charges specified herein with respect to all contributions and withholdings not paid by the delinquency date.

Separability Clause

Should any provision of this Agreement be declared illegal by any court of competent jurisdiction, such provisions shall immediately become null and void, leaving the remainder of the Agreement in full force and effect and the parties shall, thereupon, seek to negotiate substitute provisions which are in conformity with the applicable laws.

IN WITNESS WHEREOF, the parties to this Agreement agree to abide by all terms and conditions herein and have executed this Agreement on this 17th day of November, 2023.
