

IBEW 48 PRESENTS

The Electrical Contractor Business Course

If you are considering starting your own shop or if you are already a contractor, The Electrical Contractor Business Course is a great opportunity to obtain valuable, in-depth information.

This is **Matt Kolbinsky's**, with **PRO UNION Consulting**, fourth year teaching IBEW 48 electricians and contractors how to be successful and profitable. This three day, in-tense hands-on course covers many aspects of the unionized electrical contracting industry.
