Dear Brothers and Sisters,

As you read this, you have already either received your ballots, or you will within a couple of days. Within our Local 48 Electrician's Oregon PAC, we identify candidates and issues each cycle that will best help our membership secure the best jobs and wages possible. For established candidates, we look at their voting record on our issues and Building Trades issues. For new candidates, we interview them to establish their views on the issues that matter the most to our membership-the wages, hours, working conditions, and safety of our members.

Our political outreach focuses specifically on work and pocketbook issues. We encourage policies at all levels of government to encourage business growth and development, while developing a diverse workforce for today and tomorrow. We have identified the following candidates that we believe understand our issues and are supportive of our goals.

First and foremost, please take this opportunity to **VOTE**. We believe that it is as important now as ever to participate in this democratic process. Please know that we respect your right to vote how you see fit. We don't appreciate how partisan politics have become, and we will continue to work on both sides of the aisle and seek bipartisan support.

If you any questions about candidates or political issues or are interested in participating in your Local 48 PAC, please feel free to contact Marshall McGrady, IBEW Local 48 Political Director at 503-701-5196 or marshall@ibew48.com.

Fraternally,

Garth Bachman
