Dear Members of Local 48,

I am proud to represent thousands of workers who live, work and play in Portland every day. With that in mind I am proud to share that IBEW Local 48 has partnered with other Local Unions in support of the Portland Diamond Project.

The Portland Diamond Project is working to bring a Major League Ballpark to Portland. We are excited about the thousands of well-paying jobs this project will create, especially the hundreds of opportunities this opens up for apprentices. The training opportunity these large projects offer is critical to the creation of a diverse construction workforce. Another important commitment that The Diamond Project has committed to allowing employees working at the field to organize and join a union. This agreement will support and honor our workers and our community.

I ask that you stand with me in supporting this great project.

Fraternally,

Garth Bachman
