NOTICE

RE: Training Center Closure

Effective: 3/19/20 - 6/19/20

The NECA-IBEW Electrical Training Center (NIETC) has a common interest with our community in preventing the transmission of COVID-19.

With the health of our apprentices, instructors, staff and visitors in mind, the decision has been made to cancel classes for Apprentices, Journeymen Continuing Education, and all application activities for the Spring semester.

Effective 3/19/20 through 6/19/20, all non-essential activities related to the NIETC, including tutoring, are either cancelled or postponed pending an improved health environment.

The decision to close was extremely difficult. We know that closing impacts the lives of everyone associated with the NIETC. We will keep you apprised of any changes in status in future communications.

Thank you for your continued support as we navigate this uncharted territory.

Rod Belisle
Director
